

# OREGON'S WILDFIRE WORKFORCE CORPS

## KEY ELEMENTS OF WWC

- Reducing risk of wildfire to neighborhoods and critical infrastructure
- Creating fire adapted communities
- Engaging youth and young adults in workforce training
- Leveraging public private partnerships

## HOW IT WILL WORK

- A grant process overseen by the Higher Education Coordinating Commission
- Private and matching public funding to support fuel treatment projects
- Projects designed to treat high risk communities and neighborhoods
- Teams of young people being trained and supervised by industry experts
- Program participants developing workforce skills in resource and fire management
